SMART SQUARE®

Conquer Your Hospital Staffing Challenges with the Smart Square Deployment Plan

With staffing shortages and fluctuating patient volumes a constant challenge, it's time to empower your health system with a solution that's revolutionizing the way healthcare companies manage their workforce. Enter the Smart Square® Deployment Plan—your ultimate tool to stay ahead, optimize staffing, and deliver exceptional patient care.

Features

Deployment: Discover a new level of staffing oversight across your organization. Instantly identify where staff is needed most, ensuring every department meets its patient care demands seamlessly.

Volumes: Adapt to the unexpected with predictive insights into workload volumes. Adjust your staffing strategy in real-time, maintaining efficiency and preparedness for whatever comes next.

Recruitment: Reimagine your recruitment process. Our intelligent algorithms find the perfect match for your staffing needs, making the most out of every recruitment effort, even under tight deadlines.

Deployable Staff: Tap into a comprehensive pool of ready-to-deploy resources. Respond to staffing needs rapidly, ensuring no shift goes uncovered and every patient receives the care they deserve.

Auto balancer: Achieve schedule harmony simply with the auto balancer feature. Optimize staff allocation with a single click, ensuring equitable work distribution, thus preventing burnout.

In an industry where every second counts, the Deployment Plan isn't just a tool—it's your strategic partner in mastering the complexities of healthcare staffing. It's about making informed decisions, optimizing resources, and ensuring that each patient receives the highest quality of care.

Empowered by Predictive Analytics

Backed by advanced predictive analytics, Smart Square's Deployment Plan gives you insights into immediate staffing needs and forecasts future demands up to 120 days in advance. Prepare your schedules well ahead of time, mitigate last-minute chaos, and ensure your hospital operates at peak efficiency every day.

Are you ready to simplify your staffing and empower your organization to excel every day?
